

Help to prepare a meal.

Key Question of the week:

Why/How were the Egyptians clever?

(You can answer this in any way you like: writing, mind-map (spider diagram) drawing, a song, computer presentation, drama-the list is endless!)

Do a Joe Wickes video / Cosmic Kids / Parent fitness challenge:

<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>

<https://www.youtube.com/user/CosmicKidsYoga>

Try this science experiment:

Find out two ways of changing water.
Can you change it from a liquid to a solid?
Can you change it from a liquid to a gas?
Hint: You will need an adult to help you with heating.

Write your weekly journal page.

(This might contain detail about one thing that has happened, how you're feeling, newspaper articles, photos, pictures from magazines/the internet, some of the art you have produced)

Build a model of: An Egyptian Pyramid

(This could be with Lego, duplo, mega block, any construction, junk modelling, paper, play doh,)

Draw / Paint:

Draw some loops and circles.
Fill each one with a different pattern/ design.

Data Handling:

Sort the numbers 1-36. How many different ways can you sort them into a Venn diagram?
Below is an example. If numbers can not be sorted in the circles they go on the outside. In the middle are numbers that fit in both.

Play a card/board game with your family.
