

Help to prepare a meal.

Key Question of the week:

What do you think are the positive and negative impacts of human beings, being able to fly on planes?

(You can answer this in any way you like: writing, drawing, a song, computer presentation, drama-the list is endless!)

Do a Joe Wickes video / Cosmic Kids / Parent fitness challenge.

<https://www.youtube.com/user/CosmicKidsYoga>

Science- Find out about Sir Isaac Newton and gravity.

<https://www.bbc.co.uk/teach/class-clips-video/science-ks2-discovering-the-work-of-Sir-Isaac-Newton/zr4mf4j>

Experiment

Drop different items from the same height and time how long they each take to fall.

Write your weekly journal page.

(This might contain detail about one thing that has happened, how you're feeling, newspaper articles, photos, pictures from magazines/the internet, some of the art you have produced)

Make a paper helicopter

<https://www.redtedart.com/paper-helicopter-diy-stem-kids/>

See this week's lesson on making a helicopter. Will a helicopter with a larger wing span fall more quickly?

Draw / Paint:

Design a logo for a new flying superhero

Maths:

Add all the numbers together for a member of your family's date of birth (birthday). For instance: The dob: 29th June 1980

You would add 29 + 6 as June is the 6th month and the year 1980.

$$29+6+1980 = 2,015$$

Then add the age of the person. They are 40 so the answer is 2055. Try again with other family members, who will have the biggest total?

Play a card/board game with your family.
